# PRELIMINARY REPORT

TO HIS EXCELLENCY,  
EPIHRAIM F. MORGAN,  
GOVERNOR OF WEST VIRGINIA.

SIR:—I herewith submit to you my thrd Annual Report of the Department of Mines, it being the fortieth annual report of the condition of the coal industry of the State. The period covered by the statistics shown therein is for the fiscal year beginning July 1, 1921, and ending June 30, 1922.

During the year covered by this report there were 888 companies reporting 1,381 operating mines, which, together with the small wagon mines, produced 70,888,203 gross tons of coal, a decrease under the coal produced the previous year of 9,873,401 gross tons.

Below you will find a comparison of the production of coal and coke for the fiscal years 1921-22, together with the decrease of same:

	1921	1922	Decrease	Decrease in Per Cent.
Coal.....	80,761,604	70,888,203	9,873,401	12 23
Coke.....	836,728	175,156	661,572	79 06

You will note from the above that the production of coal for the year covered by this report has decreased 9,873,401 gross tons under the year 1921, while the production of coke during the same period decreased 661,572 net tons.

## INSPECTION DISTRICTS

The legislature, at its 1921 session, amended the mining laws of the State, providing for three additional inspectors, and for the re-districting of the State into twenty-two mining districts. This was done immediately after the beginning of the fiscal year and Messrs. John E. Hamilton, of Kanawha County, Harry Fryer, of Brooke County and William Gantz, of Marion County, were appointed as such inspectors and the State re-districted as required by law.

During the year several changes were made in the inspection force. S. E. Hawkshaw, inspector of the first mining district, James Golden, inspector of the fourth district, M. B. Coulter, inspector of the sixth district, A. P. Burdiss, inspector of the twelfth district, L. B. Holliday, inspector of the tenth district, J. W. P. St. Clair, inspector of the seventeenth district, and Pete McLinden, inspector of the sixteenth district, resigned and Messrs. C. W. Stuart, of Tucker County, A. E. Lafferty, of Ohio County, Thomas Jarrett, of Harrison County, William Moore, of Marion County, W. L. McGinnis, of Cabell County, S. T. Lambert, of Mingo County, and C. E. Foster, of Raleigh County, were appointed in their stead.

Mr. S. A. Westenhaver resigned as Inspector of sand mines, clay pits, clay mines and stone quarries, and Mr. J. D. McCune, of Berkeley County, was appointed to fill the vacancy. Mr. C. H. Hetzel, Jr., of Kanawha County, was appointed Director of Mine Rescue Stations to fill the vacancy caused by the resignation of Mr. H. M. Black.

At the end of the fiscal year the inspection districts and inspectors were as follows:

The mines of the State average 131 days during the past year as against 155 for the preceding year.

### COKE OVENS AND COKE PRODUCED

There were 50 coke plants in the State during the year which reported a total of 7,693 coke ovens, of which number only 750 were in actual operation, there being 6,943 ovens not in use during the year.

There were 296,151 gross tons of coal converted into coke which gave a yield of 175,156 net tons of coke and gave employment to 261 persons. The decrease in the production of coke as compared with the previous year was 661,572 net tons, at a decreased valuation of \$6,989,440.08. The average price per ton of coke was \$5.86, a decrease of \$3.72 per ton under the preceding year.

### MEN EMPLOYED

During the year there were employed at the mines and coke ovens within the State an average of 107,709 persons, a decrease under the previous year of 9,017. Of the total number employed there were:

14,161 .....	Pick miners
38,700 .....	Machine miners
5,310 .....	Machine runners and helpers
30,700 .....	Inside laborers
18,517 .....	Outside laborers
261 .....	Coke workers

Counting the superintendents, mine foremen, fire bosses, store managers, store and office clerks, it would be safe to add five persons per mine employed in these capacities. Basing this estimate on 1,381 producing mines, it would make a total of 6,905 persons, or a grand total of employees directly connected with the operation of the mines of 114,614.

The nationalities of the persons employed in and around the mines are given in a tabulated form in another part of this report and the totals of the various nationalities are as follows:

American (White).....	58,275
Negroes.....	21,388
Italians.....	7,332

Hungarians	5,056
Polish	2,981
Austrian	1,964
Russian	1,801
Spanish	1,741
Slavish	1,386
Greek	970
Other nationalities	1,815
TOTALS	107,709

### SHIPMENTS OF COAL AND COKE

For the year ended June 30, 1922, the operating coal companies of the State reported 67,789,163 gross tons of coal and 175,156 net tons of coke as being shipped over the railroads from the mines in the State. They also reported for the same period 611,410 gross tons of coal as being shipped by river, 466,450 tons of which originated and was floated down the Great Kanawha and 144,410 gross tons were shipped on the Ohio River. This does not include the tonnage of fuel consumed by water craft and local river trade. There was no coal shipped on the Monongahela River and no coke was shipped by water, either on the Kanawha, Monongahela or Ohio Rivers during the year.

### SELLING PRICE OF COAL AND WAGES PAID

During the year the average price received by pick miners throughout the State for mining run-of-mine coal was 95 cents, which was the same price as in 1921. The average tonnage produced by each pick miner was 1,099 tons, a decrease of 128 tons under the fiscal year 1921. The average annual wage of pick miners (all pick miners included) was \$1,044.05, which was a decrease of \$121.60 under that of 1921.

The average selling price of coal shipped from the mines of the state was \$2.55 per gross ton run-of-mine coal, which is a decrease of \$2.10 per tons under the price received last year.
